欢迎莅临交流，期待与您携手合作，共创未来。
Welcome to visit us. Let's work together for a better future.

WHY YANGQI

品质优
high quality

交期准
on-time delivery

快速服务
Responsive Service

客制开发
Customized Development

合理成本
Cost-Effective Solutions

研发和创造实力
R&D and Innovation Capabilities

从前期开发到自动化量产，扬麒电子具备快速响应与稳定制造能力。
From early-stage R&D support to automated mass production, Yang-Chi Electronics delivers fast response and stable manufacturing capabilities.

研发支持
R&D Support

- 10年以上磁性元件经验工程师团队
10+ Years Experienced Engineering Team
- 3D打印骨架缩短开发时间
3D Printing for Faster Development
- 激光雕刻铁芯提升打样效率
Laser Marking for Efficient Prototyping
- 可配合客户作业性评估
Process Feasibility Evaluation Support
- 从设计、制样到量产全程支持
End-to-End Support from Design to Mass Production

生产制造能力
Manufacturing Capabilities

自动化生产线
Advanced Automated Production Lines

公司简介
Company Profile

苏州扬麒电子工业有限公司

Suzhou Yang-Chi Electronics Co., LTD.

磁性元件专业制造商
Professional Manufacturer of Magnetic Components

苏州扬麒电子工业有限公司成立于1995年，集研发、生产、销售为一体的专业磁性元件供应商，所研发及制造的高/低频变压器、电感器及滤波器广泛运用在消费、医疗、工控、照明、新能源等领域；我们用卓越的品质、及时的供货及高性价比的解决方案为客户提供满意的服务！！

Founded in 1995, Suzhou Yangqi Electronic Industrial Co., Ltd. is a professional magnetic components supplier integrating R&D, manufacturing, and sales.

We specialize in high-frequency and low-frequency transformers, inductors, and filters, serving a wide range of applications including consumer electronics, medical equipment, industrial control, lighting, and new energy.

With excellent quality, on-time delivery, and cost-effective solutions, we are dedicated to delivering reliable products and satisfactory services to our customers worldwide.

30+年专业经验
30+ Years of Expertise in Magnetic Components

质量管理/环境管理
ISO9001/ISO14001

高新技术企业
Certified National High-Tech Enterprise

品质优·交期准·价格合理
Superior Quality · On-Time Delivery · Competitive Pricing

发展历程 DEVELOPMENT HISTORY

产品系列

Product Series

扬麒电子提供高频变压器、滤波器、电感及各类客制化磁性元件解决方案。
Yang-Chi Electronics provides solutions for high-frequency transformers, filters, inductors, and various customized magnetic components.

高频变压器 High-Frequency Transformer

- 高效率、低损耗
High Efficiency - Low Loss
- 体积小、重量轻
Compact & Lightweight
- 工作频率范围宽
Wide Frequency Range
- 性能稳定可靠
Stable & Reliable Performance

滤波器 Filters

- 良好的滤波效果
Excellent Filtering
- 高共模抑制比
High CMRR
- 低插入损耗
Low Insertion Loss
- 高可靠性设计
High Reliability

电感 Inductors

- 高精度、高稳定性
High Precision - High Stability
- 低直流电阻
Low DCR
- 高饱和电流
High Saturation Current
- 多样化封装选择
Various Package Options

客制化磁性元件 / 低频变压器 Customized Magnetic Components / Low-Frequency Transformers

- 可依客户需求开发
Customized Development
- 多种结构灵活适配
Flexible Structure Adaptation
- 高可靠性设计
High Reliability
- 从设计到量产服务
From Design to Mass Production

广泛应用领域 APPLICATIONS

工控电源
Industrial Control Power Supply

通讯设备
Communication Equipment

LED电源
LED Power Supply

医疗器械
Medical Devices

开关电源
Switching Power Supply

新能源
New Energy Power Supply Applications

品质和客户信赖

Quality & Customer Trust

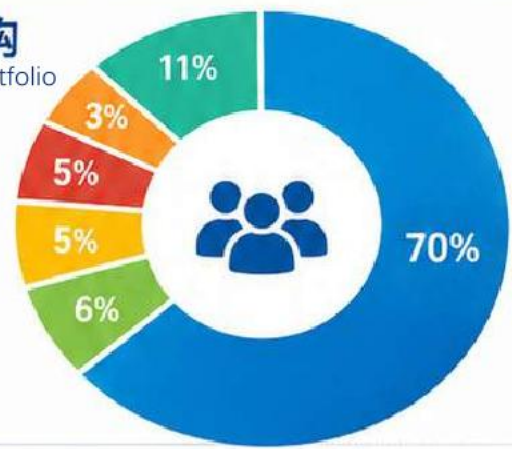

品质管理 Quality Management

- 全面品质管理(TQM)
Total Quality Management (TQM)
- 100%品管
100% Quality Inspection
- IQC / IPQC / OQC
IQC / IPQC / OQC Quality Control System
- 导入自动化测试避免人工疏忽
Automated Testing to Prevent Human Error
- 产品信赖性测试: 高低温、高湿
Product Reliability Testing: High & Low Temperature, High Humidity

认证与荣誉 Certifications & Honors
